FOR IMMEDIATE RELEASE

State Route 9 Shoulder Widening Project

Santa Clara County—The California Department of Transportation (Caltrans) will widen existing shoulders at 33 locations along seven miles of State Route 9 from State Route 35 to 6th street in the City of Saratoga.

Work will be performed Monday through Friday from 7:30 a.m. to 5:00 p.m. One way traffic control will provide at least one lane open in both directions of travel throughout the duration of this project. The one way traffic control area will be approximately 150 feet for each segment of work; therefore, traffic impacts should be minimal. The project will be completed in January, 2014.

Advance warning changeable message signs are in place to assist motorists traveling in the area.

Motorists are advised to use caution when traveling through the area and please "Slow for the Cone Zone."
